@rohitvaru   Rohit Varu

SKILLS

- **Unity Engine, Blender**
- **HTML, CSS, JavaScript**
- **C++/C#**

EDUCATION

- B .Tech IT | SPU   *CGPA*: *8.2 | (Date)*
- XII (GBSE) | School   *79.4%| 2021*

EXPERIENCE

No such experience current time.

ACADEMIC PROJECTS

- **Cube Runner:**
  - A simple Cube Runner game; this is my first project in Unity.
  - I followed Brackeys' YouTube playlist for a basic cube game. Through this, I learned a lot about Unity, including file setups, prefabs, score logic, and some game UI elements.
- **Survival Game:**
  - This is my second project, but it is not complete yet. I have implemented joystick movement and some animations.
  - It is intended to be an Android game, but working on Android compared to PC has been challenging for me.

ACHIEVEMENTS / HOBBIES

- I achieved a gold medal in kabaddi at the college level.
- I love playing outdoor games; it is one of my hobbies.
- Sometimes I enjoy drawing and watching cartoons.
